**MORN SUN.**

## THE SUSTAINABLE DEVELOPING COMPANY LIKE THE MORNING SUN

## Morn Sun is a reliable company!

### MORN SUN DEV. CO., LTD.

#### Background :

Morn Sun was established in 1991. Morn Sun manufactures cutting mats and trimmers and designs various art crafts, art tools and gifts professionally in Taiwan.

#### Development direction:

Morn Sun, based on the faith of "Honest the Best" and "Customers the First," provides products of the best quality within short lead time.

#### Future expectation :

Understanding the responsibility of environmental protection, we continually develop green products and processes. Morn Sun believes that environmental protection is the vital lifeblood for enterprises to survive continuously. It's takes up environmental protection responsibility as one of its basic tasks.

### SERVICE STANDARD

WE ARE ALWAYS READY TO SERVE YOU.

Improve customer's loyalty

Keep secret for the customer

Defend customer's rights and interest

Increase customer's satisfaction

With more than twenty years of professional development and production capabilities, Morn Sun has passed many international tests, and gained the trust and satisfaction from customers. Your dependence is the most valuable property. We are always ready to serve you.

**[TQM]**

### OBEY 3Q POLICY TO ENSURE THE QUALITY

Morn Sun 3Q logo can be used to introduce the concept of "Total Quality Management" (TQM) and the scope of its involvement.

#### 3Q REPRESENTS:

- (1) Quality of employee training
- (2) Quality of system and operating procedure
- (3) Product quality control

### TTQS TRAINING

### PROCESS OF QUALITY CONTROL

### ISO 9001-2008

### INTERNATIONAL ORGANIZATION FOR STANDARDIZATION

MORN SUN upgrades its products by implementing a series of quality control processes and making constant improvement.

### MORNSUN ERP & FMS

Morn Sun introduced ERP system in response to market volatility in July, 2007. Provides integration of all the business solution in a platform to ensure quicker processing of information, reduce the burden of paper work, documentation, repeated entry, cycle time, and speed up the whole manufacturing process.

Top-down view of the enterprise, real time information is available to management anywhere, anytime to make proper decision, and serve the customer efficiently in time.

### PRODUCTION PROCESS FOR CUTTING MAT

#### BUILD THE HUMANIST PRODUCTION SYSTEM

### AUTOMATIC MANUFACTURING MACHINE

**MORN SUN**

# PROTECTS THE EARTH TOGETHER WITH YOU

**ECO means ecology that is good for environmental protection.**

Many years ago, the earth was clean, beautiful and wonderful. There were many clear rivers, lakes, green forests and mountains. People worldwide enjoyed the living at that time.

But nowadays, the high developments of industry and technology destroyed the ecological environment, caused many natural disasters.

We could improve the ecological environment through China's Tai Chi thought. Meanwhile, the masculine, feminine elements, and compounds cause the circle of life transmigration.

In product management, MORN SUN wishes to devote to the earth by Tai Chi thought. And we will develop ECO products progressively in recent years. Everyone should play their part in protecting the earth. Because it is our common responsibility.

Products labeled with ECO Logo passes environmental certifications.

## TEST REPORT:

REACH

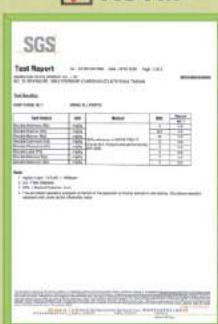

ROHS

EN-71-3

ASTM

CPSIA

## MULTI-NATIONAL PATENTS

MORN SUN takes out many patents from different countries such as the U.S.A./ GERMANY/ JAPAN/ TAIWAN and also has multi-national patents.

## How to process recycling materials to new one?

The first step we source PVC recycling material for cutting mat is to sort out the usable part, then mix with other constructed materials then to plastic film, molding, cutting and finished.

## RECYCLING

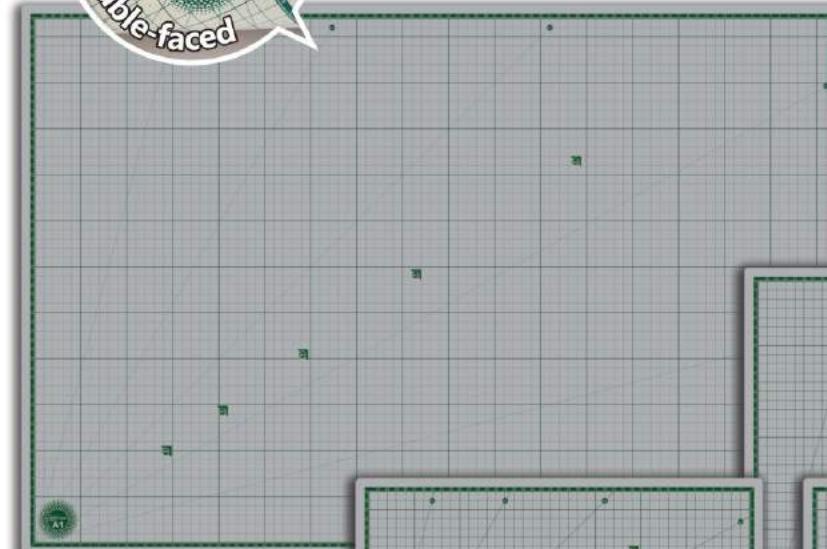

### Morn Sun

aware that the environmental protection problems surround us; we source recycling PVC materials to re-manufacture new cutting mat to prevent waste of potentially useful materials. In this way, not only reduce the energy usage but also recycling them into a new product.

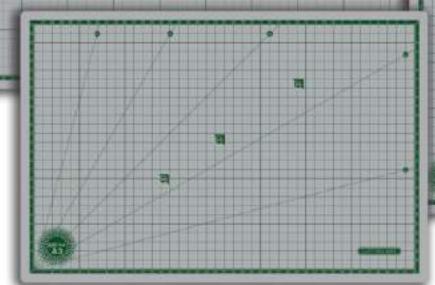

## RECYCLING PVC CUTTING MAT

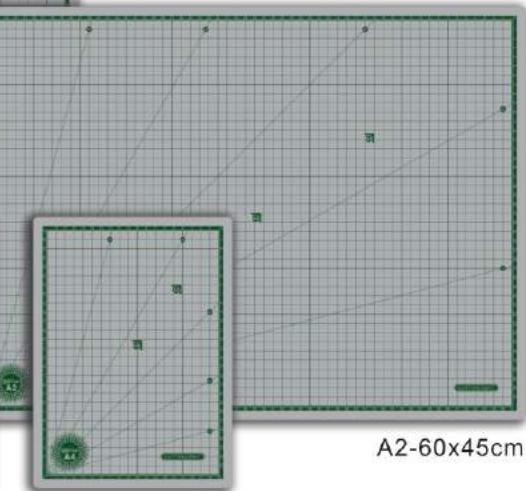

- Could be recycled and reproduced. Love Earth.
- Our mat with the best price and hot sales.

## 2 IN 1 MULTI-FUNCTIONAL SCORING BOARD

Card, Gift box, Envelope...D.I.Y.

- Each size with its function: one side is used for cutting and the other one is used for scoring
- Professional tools for card, envelop and gift box
- Make different size of envelope

### About 2 IN 1 SCORING BOARD

#### Scoring Board

NO. 29113

► A3 scoring board. One size is for cutting and the other one is for folding paper. Used to make different cards, gift boxes, and envelopes. Combine two functions and make space-saving !

#### Envelope Triangle

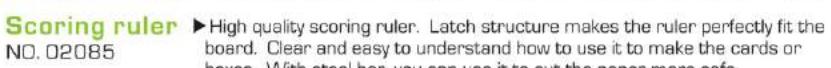

NO. 29115

► Used for making envelopes. Separate the size of short and long side in different colors. There are totally 5 kinds of measurement for your reference. For other size, please refer the print on the mat.

#### Bone folder

NO.48443

► Use this versatile tool to score and fold paper or cardstock, or use to burnish and wrap paper around bookboard edges. It is also used for scoring or marking papers, fabrics, and boards.

#### Scoring ruler

► High quality scoring ruler. Latch structure makes the ruler perfectly fit the board. Clear and easy to understand how to use it to make the cards or boxes. With steel bar, you can use it to cut the paper more safe.

# SEWING/ QUILTING SERIES

MORN SUN®

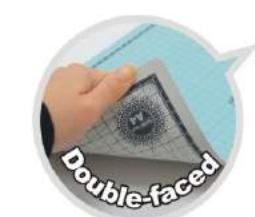

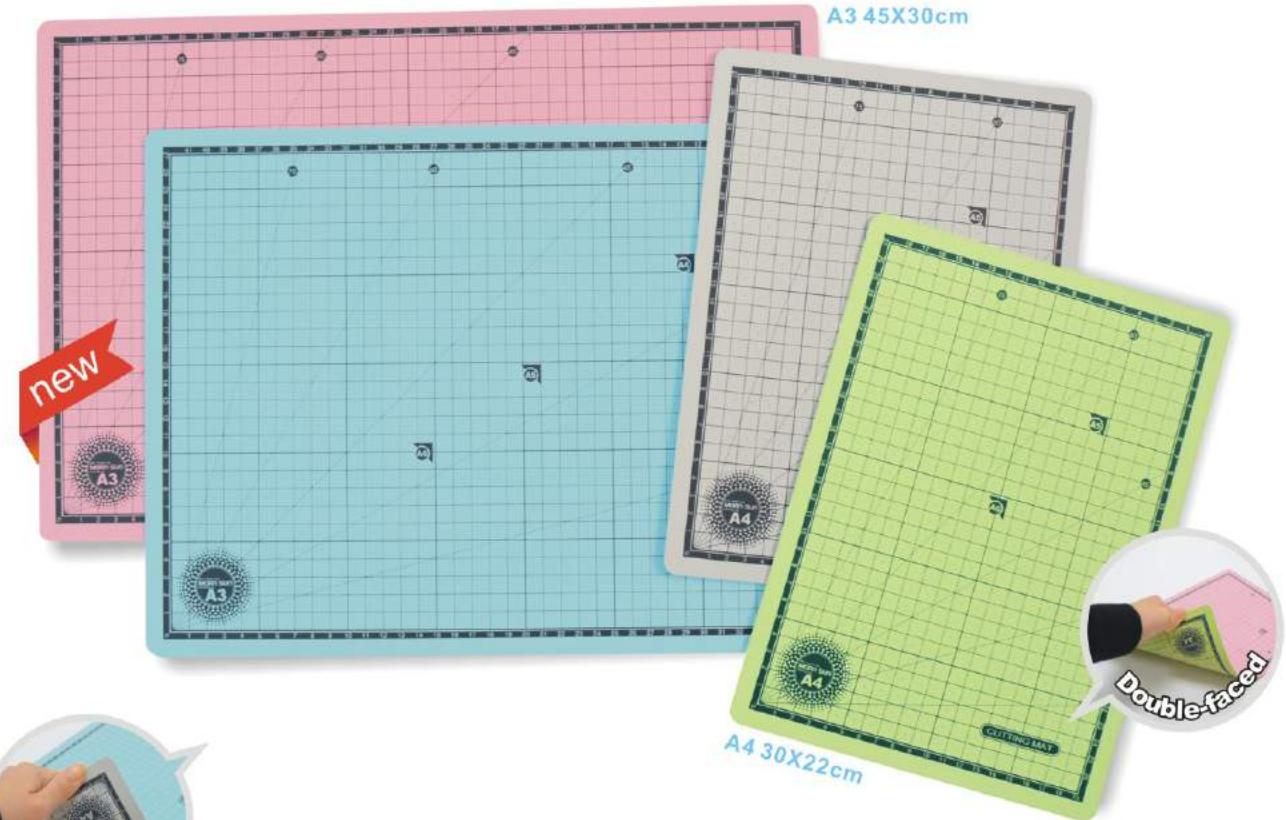

## MODERN QUILTING CUTTING MATS

- Durable PVC material can last longer under constant cutting.
- Non-slip and non-reflective smooth surface.
- You can make triangle shape or star shape by different angle lines.
- With self-healing function, it won't be influenced by previous traces when cutting and writing.

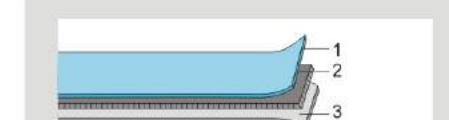

**NEW PVC**

There are four basic colors available. Or you can choose different colors by contacting us. Welcome OEM and ODM.

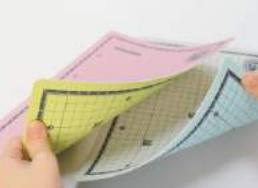

- Double-faced usage for both cutting and writing.
- Bright fashion colors to decorate your table.
